

COMPRESSORS

OIL FLOODED

- Encapsulated
- Single & Two-Stage
- Variable Speed & Variable Capacity

OIL FREE

- Scroll Compressors
- Centrifugal
- Rotary Screw
- Air or Water Cooled

RECIPROCATING

- Splash Lubricated
- Pressure Lubricated
- Single & Two-Stage

PORTABLE

- Construction & Commercial Duty
- Gas, Diesel & Electric

PROCESS GAS

- Vapor Recovery
- Low/High Pressure
- Multiple Gases

TRUCK MOUNT

- Above Deck
- Underdeck, PTO & Hydraulic Driven

MEDICAL GAS AND VACUUM

- Scroll oil free
- Lubricated vane
- Instrument air
- Breathing air
- ASSE Certified
- NFPA 99

AIR TREATMENT

COMPRESSED AIR MONITORING

- Maintain Energy Efficiency
- In-line Flow Meters
- Air & Gas

REFRIGERATED & DESICCANT DRYERS

- High Pressure/Temperature
- Heatless or Heated
- Variable Speed/Cycling
- Point of Use

FILTRATION

- Coalescing, Carbon & Particulate
- Mist Eliminators

CONDENSATE MANAGEMENT

- Oil/Water Separators

BlackhawkEquipment.com

INDUSTRIAL PROCESS EQUIPMENT

Extensive selection of Accessories, Cooling Systems available at
BlackhawkEquipment.com

AIR TOOLS

- Pavement Breakers, Backfill Tamper
- Rock Drills, Rivet Busters

INDUSTRIAL CONTROLS

- Significant Energy Savings
- System Management any make/model
- Starters & VFD Drives

PIPING SYSTEMS

- Solid Metal
- Reusable

FLUID PUMPS

- Single & Multi-Stage Pumps
- Controls & Monitoring
- Process, Wastewater & Dosing

INDUSTRIAL COOLING SYSTEMS

- Process Chillers
- Cooling Water Systems
- Closed & Open Evaporative

NITROGEN GENERATORS

- Membrane
- PSA-Pressure Swing Adsorption

RECEIVER TANKS

- Vertical/Horizontal Air Receiver
- Vacuum Receiver

VACUUM PUMPS

- Rotary Screw, Liquid Ring, Rotary Vane
- Complete Packaged Systems

CUSTOM PACKAGES

Say goodbye to one-size-fits-all products that don't meet your needs. Explore the possibilities of custom compressed air, water and gas packages.

PE Designed, P&ID, Autocad & Solidworks Drawing Packages, Process Optimization, Certified Buildings for Colorado, Texas, Minnesota, New Jersey, Rhode Island, North Dakota, Ohio and California and IBC Compliance for all states.

Available Packages:

- Compressed Air
- Water
- Gas

AUDITS & STUDIES

Periodic air audits from Blackhawk Equipment ensure your operations run at the highest levels of efficiency. Our comprehensive assessments are based on the most accurate data available, and all of our auditors are certified and thoroughly trained.

A CAC/DOE-Certified Air Master+ specialist will oversee all aspects of your project, resulting in a clear picture and an actionable plan for improvement.

Audits & Studies:

- Compressed air, vacuum & cooling tower/chiller audits
- Supply & Demand
- Xcel Energy Partner
- Leak Walk-Thru
- DOE Certified

PARTS & SERVICE

Maximize uptime and production with parts, preventative maintenance and service for ALL MAJOR BRANDS of air and gas compressors, air tools, hoses, piping, air dryers, pumps and more.

Blackhawk Equipment has the largest service department in the state, with talented and highly trained technicians ready to service your equipment. We are available 24/7 to help you keep your business running smoothly.

Servicing Your Needs:

- Equipment Installations
- Replacement Parts & Service-all makes/models
- Large on-hand inventory
- Service Agreements & 24-Hour Service
- 150+ Years service experience

RENTALS & LEASES

Blackhawk Equipment maintains high-quality rental equipment for emergency or temporary use.

Our equipment is serviced by factory technicians to make sure it remains in optimal condition and is checked thoroughly to ensure reliability.

Long and Short Term Solutions:

- Emergency, Temporary or Standby Air
- Large fleet of rental units
- Possibility to rent with option to buy
- Leasing
- Long- & Short-Term Rentals

MANUFACTURERS

Partnerships with leading manufacturers allow us to provide complete solutions.
